DURASHIELD

Glossy Floor Finish and Sealer

Description:

Durashield floor finish and seal has been formulated to produce a dazzling shine and hard durable surface. This high solids, crystal clear, non- yellowing finish will start to produce gloss from the first coat, and reach an unexcelled shine by the third to fifth coat. Durashield can be used to seal and finish freshly stripped tile or stone floors, or can be used to topcoat other finishes if they are in good shape and have been scrubbed with a blue pad. Durashield should be cleaned with neutral products such as Kleer 'N Brite and Spectra #4 neutral cleaners or KBQ-128 or Spec #9 neutral disinfectants. The gloss can be revitalized with Maintainer Plus.

Benefits:

- Easy to apply: wipe on, let dry 3-5 minutes, lightly buff out
- Restores lustre and depth of color to surface
- Not oily or sticky; actually resists soiling
- Prevents many paint and ink type graffiti material from sticking to surface
- Not removed by water or most detergents

Specifications:

Appearance:	Clear liquid
Color:	Colorless
Odor:	Mild solvent
Specific Gravity:	0.92 ± 0.01 @ 20°C
Active Ingredients:	25.0% ± 0.5%
Total Solids:	25.0% ± 0.5%
Flash Point:	105°F tag closed cap - flammable liquid
pH: as is:	N/A
pH: 1:	N/A
Use Dilution:	As is
Storage Stability:	One year minimum
Protective Clothing:	Neoprene gloves, use solvent vapor mask for use in confined areas
VOC Content:	70%
